## Academy Testimonials

"My daughter has been going to the FC Puma winter/summer camps for four years now and she loves every minute of them! The coaching is the best we've encountered over the years and no one else compares. Christian and his staff work really hard getting the kids to work on technical skills while still having a great time! By the end of the session the kids understand "first touch is everything" and you can see the improvement in every player."  
K. Stassi, Southboro, MA

"...young athletes develop to become complete soccer players. Christian not only teaches players the essential basics such as foot skills, speed, and shot accuracy, but he also incorporates important intangibles such as confidence, physical fitness, and composure on and off the playing field."  
J. Hacunda, Hopkinton, MA
